Mac Fisher, applicant & representative for Beazer Homes, expressed his request to construct an open air pavilion in the residential subdivision.

Mr. Hart asked if the Lot was next to a resident. Mr. Fisher answered yes, it is between a kiosk and Lot #1 next to a roadway electrical box.

Mr. Hart inquired about the amount of grading in the field to build behind the Lot.

Mr. Fisher replied yes, the previous landscaper / developer did not include any plans for a pavilion on site; however we typically try to have an amenities area and a pavilion for the residents. This area was the only spot to install one. We will have to relocate the landscaped trees and pull dirt in order to install the pavilion there.
