For Immediate Release

UPDATE: Unidentified Body Located on Ridge Road

(Paulding County, GA) As a result of reaching out to the community on Social Media over the weekend, Detectives believe that they have the possible identity of the deceased male that was located on Friday July 3, 2015 in the area of Ridge Road in Paulding County. Detectives have collected DNA from a possible family member. The DNA from the family member will be compared to the DNA of the deceased male at the Georgia Bureau of Investigation Crime Lab in Atlanta. Once a 100% positive identification is made, pending the DNA match, we will pass that information on to you all.

Thank you for your patience.
