Digital Safety in the Wireless World

(Paulding County, GA) Are your kids getting a tablet or cellphone for Christmas? If so, do you know how to keep them safe while they are online? This Christmas Sheriff Gary Gullede wants to help keep kids and adults safe while they are online. The Paulding County Sheriff's Office Crimes Against Children (CAC) Unit is active in preventing and resolving cybercrimes that affect children. Every day, CAC Detectives encounter cases where crimes could have been prevented if parents had more knowledge of their children's internet devices.

The Crimes Against Children Unit, working in conjunction with Paulding County Today TV 23, have produced a short video (see below link) to help parents become more aware of the capability of cellphones, tablets, apps, and the types of crimes that are a threat to young people as well as adults. "The information in the video fills the gap between parents of the "pay phone" age and their children of the "digital age", said Sheriff Gary Gullede.

The Paulding County Sheriff's Office Crimes Against Children Unit is also affiliated with the Georgia Bureau of Investigation Internet Crimes Against Children Task Force. If you have any questions or need guidance on how to keep yourself or your child safe while you are on a cellphone, tablet, or the internet feel free to call the CAC at (770) 445-6105.
