Now Health Group Inc. Recalls Select Now Real Food® Zesty Sprouting Mix Because of Possible Health Risk

NOW Health Group, Inc. (NOW), of Bloomingdale, Illinois, is recalling its NOW Real Food® Zesty Sprouting Mix – Product Code 7271, Lot #3031259 and Lot #3038165 – because its primary ingredient, Crimson Clover Seeds, has the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems.

Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis, and arthritis.

Approximately 10,000 units of Zesty Sprouting Mix were distributed online and in retail stores nationwide since December 2017.

Recalled products include:
