The app offers quick access to items of public interest and is easy to use. In just a few clicks, users can:

- Receive instant push notifications

- View sex offenders
- Access COVID-19 resources
- View Paulding County's most wanted
- Connect to the organization's social media platforms

- More!

The Paulding County Sheriff's Office mobile app was created by TheSheriffApp.com, a division of OCV, LLC, which specializes in mobile app development for Sheriff's Offices and public safety organizations across the country.

“Over 80 percent of people in the United States own and use smartphones as their primary means of communication,” OCV Vice President Kevin Cummings said. “Mobile apps offer agencies a better way to alert, inform, and prepare the public. Apps allow public safety agencies the ability to reach and serve their citizens where they are: their smartphones.”
