Custom Map Requests

Custom maps are those that include any kind of analysis, special annotation/markup, or extensive customization beyond the symbology already established in the Paulding County GIS Division's basemap. Custom maps shall incur a labor surcharge of \$50.00 per hour, charged at quarter-hour intervals with a half-hour minimum of \$25. Printing costs shall adhere to the prices listed above. Sizes other than those shown above shall incur a setup fee of \$5.00 for every non-standard size necessary that will be added to the cost of the closest standard size match.

Digital Map Files

Standard and custom maps can be converted to digital files upon request. The cost of digital maps is equal to the standard and custom map fees if no hard copy maps are purchased. If a hard copy map is purchased, a digital version can be purchased for an additional charge of \$5. The available file formats are shown in the table below. Digital maps can be e-mailed or copied to a CD. Copying to flash/USB drives is not permitted.
